

BOYS' YOUTH BASKETBALL TOURNAMENT

**March 4-10, 2019
Grades 3,4,5 & 6**

**\$225 Registration Fee per team
(\$210 if paid before February 1.)
\$200 each for 3 or more teams**

The Chardon tournament has a long-standing reputation as one of Ohio's premier tournaments for boys' community travel teams in the 4th through 6th grades. We often hear it is a community's favorite tournament to attend. You'll need to be selective of the tournaments you choose, so why not include the best?

Several things set the Chardon tournament apart from other tournaments:

- We provide box scores and team standings . All are shown on monitors on monitors at the school and are available via your computer or smartphone. No matter where you are, you will know how the tournament is progressing.
- Teams compete in basketball-themed contests as a special event separate from the tournament games. Not doing as well as hoped during the tournament? No worry. The contests provide three more fun opportunities to take home hardware. They are often cited as a fan and player favorite, and they provide something exciting to do instead of just waiting between your weekend games.
- We carefully schedule to minimize your travel and wait time, and our games have a strong history of staying precisely on schedule! Our web site is available to help with your team scheduling, communication, and planning.

TOURNAMENT STRUCTURE

All teams are assigned to pools. You will play each of the other teams in your pool. The top teams from each pool then advance to a single elimination playoff on Sunday. Team trophies are awarded to the Coach and we will select tournament MVP'S for both the champion and the Runner-up playoff teams within each age group

CONTEST STRUCTURE

You will also compete with other teams in your pool in a series of three, basketball-themed contests. Each contest is a fun, mini-event with its own awards independent of the tournament competition. Teams choose 4 players to represent them for each of the contests, and medals are awarded to each participant of the winning contest teams.
